## How We Secure Safety

- ✓ Highly-Rated Payors
- ✓ Trust Company Servicing
- ✓ Expert Due Diligence

The largest life insurance companies regularly promise payments to personal injury plaintiffs.

If a plaintiff no longer wants or needs the payments, we buy them after in-depth due diligence and legal review.

All payments are received and forwarded by the trust department of an FDIC Member Bank.

## How We Offer Larger Returns

- ✓ Fixed Payments Cost Less
- ✓ Bundled to Customize
- ✓ Higher Volume Efficiencies

The payments we buy are fixed in amount and timing, and we buy them at a discount.

With our large portfolio we can combine payments to form any schedule.

Higher volume allows us to spread due diligence costs over many investments.
